# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
on JANUARY 1, 1978

- Export Shipments in  
Current Marketing Year

- Daily Sales Reported  
JANUARY 2 - 8, 1978

--As Reported by Exporters

U.S. DEPT. OF AGRICULTURE  
NAT'L AGRIC. LIBRARY  
SEC. 1

JAN 20 '78

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of January 12, 1978 (based on reports from exporters for the week ending January 1, 1978, unless otherwise noted.)

Wheat: Sales activity continued to decline, due in part to the holiday lull and somewhat stronger prices. Egypt (under PL-480) was the principal buyer, with numerous other countries adding small quantities to existing contracts. Sales to unknown destinations increased significantly, although several switches from unknown to Egypt were partially offsetting. Exports (307,200 MT) dipped to the lowest level of the current marketing year (MY). Wheat products sales took a dramatic jump upwards as Egypt made sizeable flour purchases under the Title I, PL-480 program.

Corn: New sales activity increased moderately after two weeks of very low volume. Korea was the dominate buyer with additional purchases reported by Portugal and Poland. Sizeable sales were also reported to unknown destinations, but assignment of final destinations and foreign purchases reduced the net sales increase. Poland, the USSR and Japan were the recipients of switches in destinations. Greece purchased 148,000 MT for shipment in MY 1977/78 as reported under the daily system. Volume of exports (567,800 MT) continue to decline.

Sorghum: Sales interest was modest as Japan, Spain and Israel accounted for the bulk of the new purchases. Under the daily system U.S. exporters reported purchases from foreign sellers totalling 101,600 MT for delivery to unknown destinations during the 1977/78 MY. Exports slowed significantly from the pace of recent weeks.

Soybeans: Interest in U.S. soybeans picked up as sales to Korea and unknown destinations led the way. Partially offsetting were reported sales cancellations by Portugal and Taiwan. Exports (214,200 MT) continued moderate, going primarily to European countries, Japan and Taiwan. Reports included the initial export of the MY to Romania (30,500 MT).

Soybean Cake and Meal: New sales were principally to unknown destinations. This was more than offset by the assignment of Spain, Yugoslavia and West Germany as destinations on previously unknown sales. Exports of 96,400 MT (primarily to European countries) followed the moderate pace of recent weeks.

Soybean Oil: Sales activity was relatively light. Most of the exports (14,700 MT) were destined for the PRC and Peru.

Cotton: Sales were at the second best level this MY as Japan, Bangladesh and Korea were the major countries adding to purchases. Egypt made an initial MY 1977/78 purchase (25,000 RB) with AID financing. Exports at 100,700 RB remained good with 75 percent going to Asia.

Barley, Oats and Rice: Showed no significant activity.

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
